

Aniket Gade

AWS Cloud Intern

✉ anikergade82@gmail.com ☎ 7620242884 📍 Ameerpet, Hyderabad. India 📅 2002-09-08

🚩 Indian 🔗 [linkedin.com/in/aniket-gade-b69882236/](https://www.linkedin.com/in/aniket-gade-b69882236/)

Profile Summary

Final-year B.Tech student in Electronics & Computer Engineering with expertise in cloud infrastructure. AWS services, and DevOps methodologies. Skilled in scalable app deployment leveraging EC2, S3, IAM, and CI/CD pipeline integration. Proficient in Linux operations and automation scripting. Proven technical leadership via national competitions, securing top ranks in SAEINDIA TIFAN. Driven to deliver cloud and DevOps excellence in an internship at John Deere

Education

B.Tech in Electronics & Computer Engineering, 01/2022 – 06/2025
CSMSS Chh Shanu College of Engineering, Chhatrapali Sambhajnagar

12th Standard, M.E.S Junior & Highschool, Mehkar 2020 – 2021

10th Standard, Shree Sant Tukaram Vidyalay. Mehkar 2018 – 2019

Technical Skills

Cloud & AWS

EC2, S3, IAM, CloudWatch, SNS, Lambda, RDS, Cloud9, Lightsail, Route 53, EBS, AMI, VPC

DevOps & Version Control

Git, GitHub, CI/CD basics

Programming & Scripting

Python. Bash scripting. Linux system operations

Tools & Platforms

Visual Studio Code, MS Office Suite, Gmail

Other

IoT fundamentals, Fast learner with strong adaptability

Hobbies

- Problem-solving and logic games
- Reading technology trends and innovations
- Community volunteering

Certifications

Design a Mobile App Interface, Coursera Project Network (MOG)

MS Office Suite Proficiency, Excel, Word, PowerPoint, and related tools

Achievements & Competitions

SAEINDIA TIFAN 2022, National-Level Agri-Tech Innovation Challenge
1st Runner-Up

SAEINDIA TIFAN 2021, National-Level Agri-Tech Innovation Challenge
2nd Runner-Up

Avishkar 2022, *Intercollegiate Project Exhibition*

2nd Prize

PIIPEX 2023, *Agricultural Innovation Theme*

2nd Prize

MAGIC Slarlup 2023, *Selected for Seed Drill Machine innovation prolotype*

MAGIC Startup 2024, *Shortlisted for Aeroponic Farming innovation model*

E-Yantram 2K23, *Embedded Systems Competition*

Zonal Level Winner

Academic & Technical Projects

E-Power Tiller

Designed a battery-operated agricultural tiller in optimize soil preparation for small-scale farmers.

Automated Multi-Vegetable Transplanter

Developed a semi-automated system capable of planting various vegetables with programmable spacing logic.

Automatic Seed Drill Machine

Engineered a microcontroller based mechanism for precise seed distribution and depth regulation.

Audio Amplifier

Created a high-gain, low-noise audio amplifier tailored for fundamental electronic audio systems.

Onion Harvester

Built a mechanical harvesting device aimed at reducing manual labor in rural onion farming operations.

Cloud Projects (AWS-Based)

Static Website Hosting using S3 & Route 53

Deployed a responsive portfolio website leveraging Amazon S3 for static content hosting and Route 53 for DNS management and domain routing.

EC2-Based Web Application Deployment

Launched an Apache-based web server on an EC2 instance with EBS integration. Deployed a sample web application and managed security groups, SSH access, and instance provisioning.

Serverless Contact Form using Lambda & SNS

Built a serverless contact form that invokes AWS Lambda functions to process inputs and send email notifications via Amazon SNS

Cloud Monitoring with CloudWatch & SNS

Configured CloudWatch to monitor EC2 instance performance metrics and integrated SNS for real-time threshold breach notifications.

Strengths

Adaptability

Fast Learner

Problem-Solving

Analytical Thinking

Teamwork

Communication

Responsibilities & Leadership Roles

SAFINDIA TIFAN Team Member, 2021

Contributed to project development and team collaboration.

Manufacturing Head, 2022

Led the manufacturing process, ensuring quality and timely delivery.

Head of All Departments, 2023

Coordinated cross-functional teams, streamlined workflows, and drove project milestones.

Team Captain, 2025

Providing strategic direction, motivation, and final decision making for the entire team.

Discipline Committee Member College Annual Gathering, 1st-3rd Year

Ensured smooth conduct of events and maintained discipline.

Volunteer for Seminars & Webinars

Assisted in organizing and managing technical seminars and webinars to enhance student learning.
